fulfill their
calling**

**Australian College of
Christian Studies**

Do you want to **know your Bible** better?

Do you want to **unpack God's calling** for you?

Do you want to be **equipped** for the Christian Life?

reliable. relational. relevant

The *Certificate IV in Christian Ministry and Theology* award through ACCS offers you a structured pathway to equip you for the future.

The award can prepare you for living out your faith in every day life, equipping you to lead church-based or para-church ministries, prepare you to share the gospel in your workplace, disciple others towards faith, lead onto further study and work in mission or vocational ministry, and provide the experience and skills to continue growing as a Christian.

ACCS gives you the flexibility to study at your own pace, on your own schedule, while staying planted and connected in your own church. You can develop your skills and apply your learning to your existing role, as you shape your assessments to your own church and community context.
